There was a discussion about cleaning of catch basins Doug explained that the catch basin cleaning in the fall clean up contract is as directed by the road commissioner. All catch basins were included in our sweeping contract that we no longer have. A contract will need to put out to clean catch basins. The Select Board will ask Steve Stratton to get a list of how many catch basins there are and then the town can get a better quote on GIS mapping for catch basins.

Paving – Upper Bowman, Blaine and Ryder Road. Doug gave an update of the paving that is currently going on. Paving should be completed in the next couple weeks. Doug made a recommendation that the FRAC reviews all contracts before Dirigo sends them out for bid.

- ✚ Eben made a motion to adjourn the FRAC meeting.
- ✚ Nancy 2nd the motion
