There was an update on the 2022/2023 budget figures. There was a discussion on the \$10,000.00 that is in a reserve account. Currently if the \$10,000.00 is not used it rolls back into the general fund at the end of the year. The committee would like to carry over the \$10,000.00 every year and put into a savings account in case it is need for emergencies.

Natalie asked Tim Sawtelle about what kind of figures we would be looking at to install generators on the remaining pump stations. Tim thought that we would be looking at about \$30,000.00 per generator.

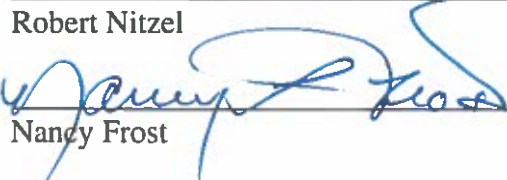

es for sewer was discussed. The committee asked for the last 2 years of treatment costs and what was charged for consumption. A decision will be made on September 7, 2022 on what the change will be regarding the rate for consumption.

- ✚ Eben made a motion to approve the sewer abatement for Lavallee in the amount of \$43.08 for water that was used to fill a swimming pool.
