

## *TOWN OF FARMINGDALE*

### *SNOWPLOWING POLICY*

Effective from November 1st each year or first snow accumulation through April 30th each year or to last snow storm of the season no vehicle shall be left in the road limits, so as to interfere with snowplowing activities.

Any vehicle found in violation of this policy may be towed. If subject to towing, the Town and hauler shall remain harmless of all liability and/or any and all damages done to the vehicle.

The owner may be responsible for all fees associated with hauling and or storage of the vehicle through the hauler, or Storage Company prior to the release of the vehicle. The town shall not be held responsible for any hauling, or storage costs.

Enforcement of this policy may be conducted through a town constable or the Road Commissioner. A reasonable effort shall be made to locate a responsible party to move the subject vehicle; however, it shall remain the sole desecration of the enforcement party as to when the subject vehicle is to be towed.

This policy shall exempt emergency situations, such as accidents, ambulance calls, fires, or similar emergency situations. Vehicles with mechanical failures, flat tires, etc. shall be removed at the owner's expense as quickly as possible to allow work crews to effectively and efficiently remove snow from the road ways.

A note to FARMINGDALE RESIDENTS: It is illegal to plow or place snow across a public street. This can create a serious safety issue within the road limits. The road commissioner will be reviewing such incidents and may recommend law enforcement involvement for these infractions. Please respect your work crew's efforts in plowing your town streets and other members of the traveling public when moving snow from your driveways.

BE IT ORDERED BY THE FARMINGDALE BOARD OF SELECTMEN THAT THIS POLICY

SHALL TAKE EFFECT AS OF November 1st, 2008.
