Gardiner Water Chuck Applebee

Mr. Applebee who is the superintendent at Gardiner Waste Water attended this meeting to discuss writing an RFP for an I&I study that needs to be done. Gardiner will be mandated to do an I&I study per DEP and recommended Farmingdale should also be included in this study because of the problems with heavy rains in Farmingdale and Gardiner not being able to have accurate readings during these periods. After reviewing charts that Mr. Applebee provided showing the problems that Farmingdale has, it was recommended that Gardiner and Farmingdale partner in this study. Gardiner will write the RFP and there will be a discussion with Farmingdale before moving forward. *Natalie will contact Mr. Applebee after the Select Board made a decision.*

Vortex – Adam will get information on the generators that Mary has requested as soon as possible. Adam has gotten a promotion and Jordon Holmes will be taking over the position of project manager. Tim Sawtelle has already notified to add Jordon to the SCADA system. The replacement of the panel at the meter pit is scheduled sometime in June. The meter pit cleaning this month is scheduled on Thursday. *Natalie will get Jordon's information.*

Ground Penetrating Radar – GIS will be up and running in the next week or two. Everything will be completed in a month or two.

Sewer Budget – Natlie went over the budget figures with the committee. The Committee approved the sewer budget as presented.

✚ Eben made a motion to approve the sewer budget for 2024/2025 as presented.

✚ Nancy 2nd the motion

✚ Vote 3-0-0

Dead River will be done in mid-May with the work at the pump stations on Northern and Bowman.

- ✚ Eben made a motion to adjourn the sewer committee meeting 6:56pm.
